

## Movie Star Scott, Party See Hamlin Well Come in

**Randolph Scott Highly Impressed with Field Being Developed Near Hamlin; To Return**

Randolph Scott, Hollywood movie star, and a party of associates visited the Hamlin oil area early this week and witnessed the bringing in of one of the best wells completed in the Round Top field.

Scott was accompanied by Arthur Campbell, his partner in oil explorations, J. A. Jackson, consulting geologist, S. B. Roberts, drilling contractor, Bert Camp, tool pusher, B. A. Duffy, head of the Duffy Drilling Company, and E. W. Griffin, local oil man.

The group visited the E. A. Hall well, being drilled by Moutray-Moore Company, and watched operations as the well was being completed.

The well, which is producing from the Palo Pinto reef, came in for a drill stem test of 125 barrels of oil an hour. Production was from perforations of 20 feet in the lower section of the hole.

Griffin said there is a possible 515 feet pay zone in the well at production depths. The reef was topped at 4,237 feet and the well was drilled to 4,280.

Scott was highly impressed with the demonstration and with other operations he saw in the Hamlin area, and told associates he will return here within the next few weeks for further study. It is believed he plans to invest in local oil property.

"I visited the Snyder field," he said, "and now that I have seen the Round Top, I am far more interested in this area than in Scurry County."

Texas Pacific Coal & Oil Company, drilling two Ellenburger wells on the Pardue-Toler lease were being 4,000 feet this week and going deeper.

The No. 4 Pardue-Toler flowed from the Swastika last Saturday night when the tools penetrated that formation, and operators estimated possible production of 20 barrels an hour. Gas rose to the surface in three minutes and oil came to the top in 27 minutes.

The Porter H. Williams, also drilled by Texas-Pacific, was in the Swastika, Thursday and plans for an early test were being made.

**Draining Classes Set For Baptist Church**

Cooperating in a county-wide program, the First Baptist Church of Hamlin will conduct a training course for BTU members for four nights next week, Rev. A. R. Posey, pastor, said this week.

Miss Nella Casement of Dallas will be here to direct the study and nine classes will be in session each evening from Monday through Thursday evening.

The county-wide campaign will be opened with a meeting in Anson Sunday afternoon when representatives from churches in all parts of Jones County will be in attendance. Mendal Wharton, educational director of the Hamlin church, will have charge of the singing.

A final meeting will be conducted in Anson Friday evening at 8 o'clock when awards will be made and reports given.

Mr. and Mrs. Bill Steele of Fort Worth are guest this week in the home of Mr. and Mrs. Virgil Steele and Mrs. Etta Bonds in Hamlin.

**Drinking Drivers to Blame in Accidents**

Elbow bending often leads straight to traffic accidents, according to the 1949 edition of the National Safety Council's statistical yearbook, "Accident Facts."

One out of every six drivers involved in fatal motor vehicle accidents during 1948 had been drinking, accident reports showed. One out of every four adult pedestrians killed in last year's motor vehicle accidents had been drinking, too.

The yearbook also shows that one out of every eight drivers violating traffic laws was driving under the influence of alcohol.

The C. U. Bay & Taubert Drilling Company, No. 2 E. E. Farnsworth, prospective Gunsight discovery six miles south of Hamlin, drilled the plug last Friday and cleaned out for a test. On a drill stem test at 3,152-60 feet the well showed 750 feet of oil and 150 feet of gas-cut mud in two hours.

Humble Oil Company, No. 1 Jeannette Nickless B., wildcat three miles southwest of McCaulley made drill stem test last week at 6,064-6,134 and gas surfaced in 23 minutes and little oil was indicated.

Official gauge of 395 barrels of 42.4 gravity oil in 24 hours has been filed by General Crude Oil Company for the No. 4 C. C. Lopez, which is located seven miles west of Hamlin.

Production was thorough quarter-inch choke at 4,704-93 feet. General Crude has filed application for permit to drill three field locations in the Round Top field. They will be the Nos. 6, 7 and 8 M. Flores, et al.

## Hamlin Girl, 11, Seriously Injured When Struck by Auto Late Wednesday

Ruby Siliger, 11, was seriously injured about 8 o'clock Wednesday evening when she was struck by an automobile while crossing South Central Avenue at the south edge of the city.

The car that struck the child was being driven by Charles Harold Coker, 19, mechanic in the Hamlin Motor Company. Coker said his car was going between 20 and 25 miles an hour when the girl was hit.

Taken to the Hamlin Memorial

## More Than \$100 Is Taken Sunday Night From Cafe

More than \$100 in cash and 30 cartons of cigarettes were reported looted from the Blue Bonnet Cafe in Hamlin Sunday night.

The loot was taken by burglars who entered the cafe through a large air vent fan in the rear. The burglars left the building by opening the rear door from the inside, J. H. Foster, city marshal, reported.

The air vent fan was damaged by entry of the thieves, Foster said. The city marshal, in cooperation with officers from the county sheriff's office at Anson, was working this week in an effort to learn identity of the burglars, but little progress was reported.

Foster said Wednesday he believes the burglary was committed by the same persons who entered other business firms here during the past several months.

Hospital for medical attention, Ruby was found to have a compound fracture of the left leg, serious head injuries and probable internal injuries.

Following treatment in the local hospital she was removed to an Abilene hospital early Thursday morning. Her condition was believed to be critical.

Coker's car, according to Highway Patrolman Jerry Bright, was meeting another automobile, and Coker said he was blinded by the lights. The little girl, Coker said, ran from behind the on-coming car and directly in front of his machine. He said he didn't see her until a brief moment before she was struck.

J. H. Foster, Hamlin marshal, and Elmer Brewer, night policeman, aided the highway patrol in investigating the accident.

## Fence Posts Burn as Fire Destroys Trailer

Loss of 1,000 cedar fence posts and a trailer for a large truck by fire was reported Thursday night when flames consumed the trailer and its load on the highway one mile east of Radium.

The driver of the truck, whose name was not reported, said he was en route to a Central Texas ranch with the posts. He said he glanced back while driving along and noticed the posts were on fire. He hurriedly unhooked the trailer and pulled the truck away from the blaze.

The fire was noticed about 10:30 and the posts were still blazing at daylight.

## Rites Wednesday for Lanny LeRoy Haught

Funeral services were conducted Wednesday afternoon in the Hitson Baptist Church for Lanny LeRoy Haught, infant son of Mr. and Mrs. Albert Haught.

The child was born August 19 and died August 24. Rev. E. L. Reddin, pastor of the Hitson Church, was in charge.

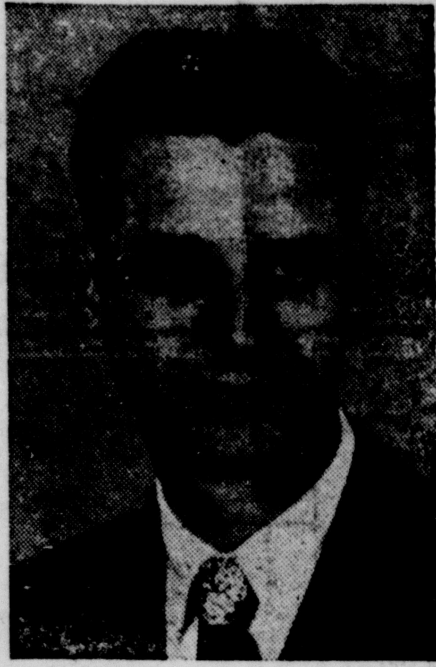

The child is survived by his parents, two brothers, Jackie and Jimmie, and two sisters, Lavonia and Virginia.

Burial was in the East Cemetery, directed by Barrow Funeral Home.

## Remodel Ritz Theater For Opening in Month

Work of remodeling and repainting the Ritz Theater was underway this week in preparation for opening within the next month, it was said Wednesday.

The theater is being redecorated and repainted throughout, and a new screen will be installed. It is planned to open it sometime during September.

Rev. O. C. Weigil, evangelist, began a revival meeting in the Hamlin Church of the Nazarene Wednesday evening. The revival will continue until Sunday, September 4, Rev. Howard Smith, pastor said.

## First Concert Of New Band to Be Held Friday

A band concert, the first for the recently organized Hamlin High School band, will be given on the high school lawn Friday afternoon at 5 o'clock, Walter P. Chalcraft, director, said.

Chalcraft has been working with members of the new organization for the past five weeks, and said Wednesday that he is well pleased with the progress they have made.

"I don't want the public to be expecting too much from the band," Chalcraft said, "for after all we had to start from scratch, and many of the members never before had tried to play a musical instrument."

However, he continued, the band is able to play several simple numbers and exercises.

The band will play America and one or two other beginners pieces for the concert.

The public is invited to attend and witness the performance.

## Migratory Camp to Be Opened for Laborers

Opening of the migratory labor camp in Hamlin will take place within a few days, it was voted at a directors' meeting of the Hamlin Chamber of Commerce Tuesday morning.

The camp will be under the direction of W. L. "Fate" Bayers, who has managed it for the past several years. Exact date of the opening will be determined by Beavers and by Haskell Carter, president of the Chamber of Commerce.

A cafe for Mexicans also been opened in Hamlin, Carter told the directors. The commerce group will send out publicity to invite Mexican labor here for the cotton harvest.

## Firemen Set Record In Answering Call

A new time record for the Hamlin Fire Department was set Tuesday evening when a call was answered to the home of Mrs. B. S. Ferguson.

Within exactly three minutes from the time the call was turned in the truck was at the Ferguson home with 400 feet of hose laid and water ready for use.

The call was occasioned by an electric stove. Food in the deep well on the stove boiled dry and caused clouds of smoke to fill the house. No damage was done.

## County-Wide Farmers Meeting Set Tuesday

A county-wide meeting of Jones County farmers will be held in the Anson High School auditorium Tuesday evening, August 30 at 7:30, it was announced this week.

Eugene Gainous, who will be in charge of the program, said discussions will be on the wheat allotment program, and other matters of interest to farmers who are co-operating in the government control program.

## Typhoid Cases Blamed on Lack of Sanitation in City

**McCaulley Man Gets First Bale Premium**

A premium of approximately \$75 was awarded to E. W. Herring of near McCaulley, who brought the first bale of 1949 cotton to Hamlin. The money was contributed by Hamlin business firms and individuals, and was collected by the Chamber of Commerce.

The first bale came to Hamlin last Thursday and was sold to the Producers Gin for 30 cents a pound.

Herring's bale weighed 554 pounds after ginning, and was from 2,010 pounds of bolls hauled to town.

## Stamford to Be Host to College Football Teams

The first college football game to be played at Bulldog Stadium will be reeled off on September 17 when Abilene Christian College and Oklahoma Tech of Weatherford, Okla., square off in an exhibition game.

The Oklahoma aggregation will take the lid off its 1949 season and will be playing its first game with Forrest "Mutt" Herring at the helm. Tommie Coleman, ACC mentor for the past several years, piloted his charged to runner-up spot in the Texas Conference last season.

Tommy Hinson of Stamford, one-year letterman at the fullback and wing slot, will be back in the Wildcat again this year.

New comers from Stamford in the ACC camp, making their first bid for starting berths, will be Ted St-ton, quarter; Ray Hansen, end; Roy Smith, center, and Walter Vaden, guard.

Tickets will go on sale about September 1.

## No Closing in Hamlin For Labor Day

Hamlin business firms will not observe Labor day as a holiday, generally, it was determined at a meeting of directors of the Chamber of Commerce Tuesday morning.

Despite a poll of business firms which revealed that 70 per cent of the firms were in favor of closing, it was decided that no official action would be taken by the Chamber of Commerce.

Reason for the decision was that many down town business houses had opposed the closing, and indicated they would remain open for business regardless of what others did.

## Lions Club Votes to Aid Kerrville Camp

Financial support for the newly established Texas Lions Camp for Crippled Children at Kerrville was voted by the Hamlin Lions Club at the Tuesday noon luncheon.

The Hamlin group will pay fifty cents per member into the project, which will provide two weeks vacation for handicapped children recommended for entrance by the club.

Miss Jerri Lynn Irwin entertained the club with several piano numbers.

## Ferguson Theater Raises Polio Fund

A fund of \$203.50 was raised by patrons at the Ferguson Theater in Hamlin for the Texas Theaters Polio Fund, Mrs. B. S. Ferguson owner, said this week.

The money will be sent to the state headquarters of the organization, and all of it will be spent within Texas for the fight against polio.

Mrs. Florence Calvert of Edinburg is spending this week in Hamlin as a guest in the homes of her sons and daughters-in-law, Mr. and Mrs. Roy Kelley, Mr. and Mrs. Hodgie Kelley and Mr. and Mrs. Jesse Kelley. Mrs. Calvert is a nurse in a hospital in Edinburg.

**Open Toilets Are Called Menace to Hamlin By City Health Officer; Vaccinations Given**

## Hamlin Water Safe

Hamlin's municipal water supply is not contaminated with typhoid germs, it was learned this week when samples of the fluid were tested in laboratories.

A report that had gained circulation here said the three typhoid cases in the city were caused by the drinking of city water. The official report on its condition belied the rumor.

The water is treated with chemicals to destroy dangerous germs that might otherwise menace the health of water users, and the report indicated that it is entirely safe for drinking, cooking or other household uses.

## Stock Show Date Set for Feb. 25 In Anson Meeting

Date for the annual Jones County 4-H Club and FFA fat stock show was set for February 25, in a meeting of directors held in Anson this week.

The meeting was attended by T. C. Blankenship, head of the vocational agriculture department of Hamlin High School, and by H. V. Eades, assistant in the department.

An alternate date, in case of bad weather, was chosen for March 4.

The show will include 15 classes of animals in beef cattle, dairy cattle, swine and poultry.

Awards will be given for showmanship and records that are compiled in addition to the regular prizes.

In the fat steer classes, the animals will be judged according to the type and body conformation and on the market classes.

In lieu of the auction that has heretofore followed the show, it was voted to give additional premiums to the boys. The Chambers of Commerce of Anson, Hamlin and Stamford will put up the money for the cash prizes.

The show next year will be in Stamford.

Carl Murrell has returned from a trip from Hot Springs, Arkansas.

Juneau is the capital of Alaska.

WELLS ASSIGNED TO AFB

Pvt. James E. Wells, 17-year-old son of Mr. and Mrs. George Wells of Hamlin Rt. 3, has reported to the Lackland Air Force Base to begin the basic airman training.

Mr. and Mrs. Billy Joe Hudson of Arlington were guests last week end of Ava and Valera Hudson in Hamlin.

An outbreak of typhoid fever in Hamlin during the past few weeks was said to be traceable to open, outdoor toilets, according to Dr. E. J. Hawkins, city health officer.

Dr. Hawkins said three cases of the disease had been under treatment, and two other cases were suspected of being typhoid, but were very light attacks.

Two of the persons who suffered typhoid were colored and one was white, Dr. Hawkins, said. All three are recovering, and prompt action of local medical men is believed to have averted a general epidemic here.

Sources of water that had been used by the victims of the disease were tested, and found to be free from contamination, and Dr. Hawkins said there is only one other source from which the ailment could have come—open, outdoor toilets.

More than 125 persons in the colored section of Hamlin have been given typhoid inoculation during the past two weeks in the fight against recurrence of the disease, E. L. Perrin reported.

The Hamlin Memorial Hospital has put in a supply of 300 doses of immunizing vaccine to take care of others who want to be vaccinated against typhoid.

Dr. Hawkins said this week that existing city ordinances are insufficient to force people with insanitary premises to clean them up, and he further said the present condition is a menace to the health of all citizens, especially to the children.

Holly Toler, mayor, in a conversation with The Herald, said the city is anxious to abate the menace of open toilets, and pledged that a study will be made of the matter to see what can be worked out.

He said it is hoped of city officials that stern action will not be necessary, and appealed to property owners and tenants to clean up their premises to avoid harsh action by the city.

Steelwork on eighteen of the 39 stories of the United Nations Secretariat building in mid-Manhattan, New York, was completed in July when this picture was taken. A contract was signed by U.N. and the American Bridge Company for the furnishing and erect on of structural steel for the meeting hall area of the Permanent Headquarters. The contract calls for 10,500 tons of structural steel at a cost of \$2,225,000. Delivery is to be made by next October, and erection is expected to be completed by April or May 1950.

## Rough Medical Checkup Urged for Children Who Are Starting to School

Children are inclined to think of a disabled person as an adult with a physical disability which is his choice of occupation, or with an obvious crippling defect or an injured heart.

But in mind that countless children begin their school lives with physical and emotional disabilities that start the first three strikes against a child's school career.

It is estimated that there are 10,000,000 such "handicap" children in America today. Most of these handicaps are present at birth, or develop during the first five years of a child's life, a large percentage of children are in the pre-school

age. The total number of our crippled children seems large, but can be partially explained by the fact that doctors consider physical and mental imperfections as "handicaps." These include eyesight, impaired hearing, defects, weakened hearts, mental disorders, mental deficiency and malnutrition.

Any child's handicap could be cleared up completely in his life if all parents saw that their children had thorough medical checkups before they entered school. The age immediately preceding school days has been the most neglected one, because it is between closely guarded infancy and babyhood and the time when a child is old enough to make

wants and ill adequately. Most small children today receive vaccinations which protect them from serious diseases as diphtheria, whooping cough and smallpox. If a child has not received this protection while younger, the doctor will see that it be done before the child enters school.

The doctor will check on whether

or not a child is getting the right nourishment to insure healthy growth and make him an alert pupil. When a child suffers from some form of malnutrition, the doctor's care and advice can result in prompt correction.

The child's eyes and ears will be used constantly in the process of learning. The doctor's physical checkup will tell whether or not these organs are in a condition to serve the child best.

The child entering school is actually entering a new, perhaps bewildering world. He needs and deserves a healthy start to help him over this important adjustment period and to get the most out of this big adventure.

## Two From Hamlin to Graduate From TSCW

Of the 143 women who will receive degrees from Texas State College for Women, Denton, August 31, two are from Hamlin, it was announced this week by the office of the dean.

Miss Verna Mae Colwell, daughter of Mr. and Mrs. B. B. Colwell, will receive a degree in sociology with a minor in government.

Miss Dora Joyce Culbertson, daughter of Mr. and Mrs. Joe Culbertson, will be given a degree in foods and nutrition, with a minor in chemistry.

Mr. and Mrs. Doyle Jones and son, Ronnie, of San Diego, Calif., have been guests for the past week of their parents in Hamlin. Mr. and Mrs. Rex Jones and son, Mark Allen, and Mr. and Mrs. Bill Jones and son, Billy, all of Abilene, also were guests of the Jones family here last week end.

## Records of Clothing Expense Will Pay, Is Mrs. Rogers' Belief

It pays to keep careful records of all clothing expense for a family, Mrs. Edd Rogers, clothing demonstrator for the Friendship Home Demonstration club, said.

Mrs. Rogers has completed one year as demonstrator, and during the period kept careful record of the costs of clothing her family of five. The family consists of Mr. and Mrs. Rogers, a 19-year-old son, and two daughters, 8 and 13.

Expenditures for the family during the past year for this item were \$609.48. Largest item in the clothing budget was for shoes.

Mrs. Rogers said careful records will enable housekeepers to effect savings over a period of years and to clothe their families with smaller expense.

Mrs. F. H. Smyers of Fort Worth, who was a guest in the home of her son-in-law and daughter, Mr. and Mrs. James E. Simmons last week, was taken to the Harris Hospital in Fort Worth when she became ill. Her son, Gene Smyers, of Fort Worth to Hamlin and took his mother home by automobile. Her condition was reported much improved this week.

Mr. and Mrs. D. W. Wright have returned from a vacation trip to Long Beach, California.

## Rural Traffic Leads Cities in Fatalities

Choose up sides, for here's some ammunition in the age-old country-versus-city controversy:

Driving a car is more than twice as dangerous in rural areas as in city areas, according to the 1949 edition of the National Safety Council's statistical yearbook, "Accident Facts."

Of the 32,000 motor vehicle deaths in 1948, 21,500 occurred in rural areas and 10,500 in urban areas. The mileage death rate was 10.8 deaths per 100,000,000 vehicle miles in rural areas, and only 5.3 in urban areas.

There were about twice as many rural non-pedestrian motor vehicle deaths as urban—17,850 compared with 4,300.

Mr. and Mrs. Elmer Terrell and children, Peggy Joyce and Elmer Jr., are touring the west coast on their annual vacation trip.

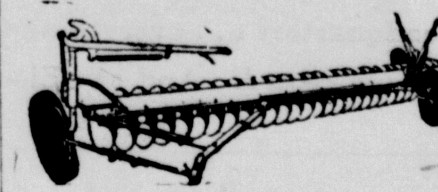

Mr. and Mrs. W. L. Boyd have returned to Hamlin from their ranch in South Dakota.

## FIREMEN ARE FETED

Members of the Hamlin Voluntary Fire Department were guests at an ice cream supper Tuesday evening in the fire hall. The Women's Auxiliary members served as hostesses for the occasion. The department voted a resolution of appreciation to the women for the entertainment.

Mr. and Mrs. O. D. Roland and daughters, Reba and Mary Lee are visiting in Fulton, Ky., with relatives.

## Ready—Power

REFRIGERATED AIR CONDITIONING SYSTEM

THANKS TO READY-POWER—new commercial air conditioning development—the Rule Theater has become comfort center of the town during the long, hot summers. Patrons enjoy real refrigeration at constant, even temperature no matter how hot it gets outside!

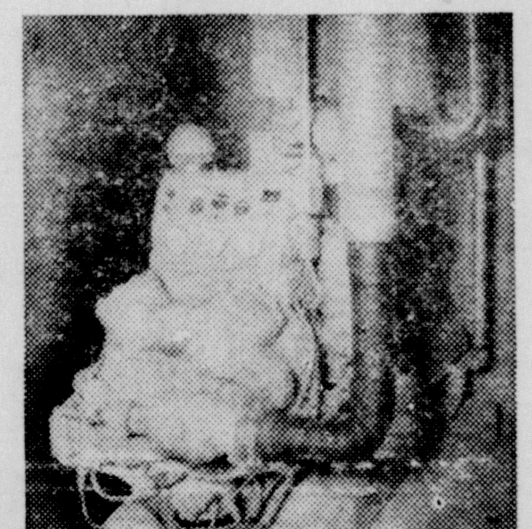

Ready-Power gas-operated refrigeration units enable such establishments as theaters, restaurants, churches, department stores, laundries, and bowling alleys to provide refrigerated air conditioning at savings of over 50 per cent in operating costs.

Ready-Power units consist of modern, radial compressors perfectly matched to rugged International gas-operated industrial engines. They are compact and ready-to-install. They operate automatically—at the push of a button—and maintain the desired load regardless of varying conditions.

In the past, operation of air conditioning systems has been too expensive for most business establishments. But with new gas-operated Ready-Power, air conditioning of the highest quality is now within reach. If you own a business establishment which does not enjoy the profit and comfort advantages of air conditioning, investigate Ready-Power today. Simply call your Lone Star Gas Company representative.

LONE STAR GAS COMPANY

Note the compactness of the Rule Theater Ready-Power installation. Other advantages of Ready-Power include:

- Low-cost natural gas operation.
- Power conservation—operates only as much as needed.
- Minimum of maintenance.
- Dependable International engine.
- Ease of installation.
- Suitability for use in multiple units.
- Three sizes available—15, 25, and 35 tons.

## Two Day Celebration For Goodwin Family In Annual Reunion at Abilene State Park

A two-day family reunion of the descendants of Mr. and Mrs. J. M. Goodwin and Mr. and Mrs. V. L. Goodwin marked the second annual event for the families in Abilene State Park last Saturday and Sunday.

The Goodwin families came to Jones County in 1902 and 1919.

Those present for the reunion were: Mr. and Mrs. V. L. Goodwin, Mr. and Mrs. H. S. Neal and children, Don, Sammy, Kay, Ray and Eddie, Mr. and Mrs. A. L. Liner and son, Jimmie, Mr. and Mrs. J. V. Goodwin, Mr. and Mrs. Hulen Roberts, Mr. and Mrs. W. D. Beauchamp and children, Doug and Larry, Mr. and Mrs. D. D. White and children, Paula, Dud and G. G., Mr. and Mrs. J. P. Goodwin and Mr. and Mrs. Kenneth McCandless and son, Gene, all of Anson.

Mr. and Mrs. E. A. Hewitt, and sons, Clark and Kenneth, Mr. and

Mrs. W. W. Fletcher and sons, Garland, Robert, Lane and Marcus, Mr. and Mrs. E. E. Hagler and children, Jim, Truman, Max and June, Mr. and Mrs. W. W. Goodwin and daughter, Vickie Lynn, and Mr. and Mrs. J. D. Rodgers, all of Hamlin.

Mrs. E. B. Hargraves and daughter, Tommie, of Wolfe City; Mr. and Mrs. H. R. Abernathy and children, Raynell and Peggy and Mrs. Rose Hargraves and granddaughter of Levelland; Mr. and Mrs. Orville Finley and sons, Dewain and Glen of Floydada; Mr. and Mrs. Lon Goodwin and son, Larry, Mr. and Mrs. L. H. Goodwin and son, Bob, and Mr. and Mrs. Elmer Roddy and daughter, Sue, all of Stamford.

Mr. and Mrs. Bob Hale and son, Goodwin of Calgary; Mr. and Mrs. A. B. Hogan and daughter, Lota, and Mr. and Mrs. Ted Smith of Spur; Mrs. Mamie Finley and daughter, Joan, and Mr. and Mrs. Norville McIlwain of Fort Worth; Mrs. Kenneth Ziegler and children, Kenny, Bobby and Kay of Roswell, New Mexico; Miss Nell Isbelle of Lubbock; Mr. and Mrs. E. M. Isbelle of Haskell.

Mrs. Elmo Burleson and daughter, Jan, of Abilene; Mr. and Mrs. R. W. Goodwin and son, Dan, of Denton; Mr. and Mrs. R. A. Pascal and daughter, Berneta, Mr. and Mrs. Jim Blagg and children, Jimmie and Nelda of Crosbyton; Mr. and Mrs. O. W. Buster and daughters, Charlotte and Mary, of Houston.

Visitors who attended were Mr. and Mrs. J. N. Buster of San Angelo; Mr. and Mrs. Y. G. Walker, Mr. and Mrs. F. S. Hale and daughter, Sandram of Anson; Melvin Cellwain of Floydada; Miss Arua Dean Thomas of Hamlin and Miss Smith of Spur.

## Fairey Circle Met in Newcomb Home

Members of the Fairey Circle of WSCS met in the home of Mrs. Art Newcomb last Monday afternoon for a program and business session. Mrs. Brad Rowland was co-hostess.

Mrs. Robert Garland, assisted by Mrs. Jerry Waggoner, was in charge of the program. Mrs. Gardner gave a review of the book, "The Mother of the Smiths."

The business meeting was presided over by Mrs. George Poe, in the absence of Mrs. Dean Witt, president.

Those present were Mrs. Tom Teague, Mrs. Dean Gilliland, Mrs. Roy Wilson, Mrs. J. H. Hudson, Mrs. Holly Toler, Mrs. L. H. McBride, Mrs. V. V. Anderson, Mrs. Jerry Waggoner, Mrs. Robert Gardner,

## Many Golfers to Be Entered in Stamford Play

A large field of entries are expected to tee off on Saturday September 3, when the Stamford Country Club invitation golf tournament gets under way. The tourney will run through Monday, Sept. 5.

Qualifying rounds will be run off Saturday with match play Sunday and Monday. Two rounds will be played each day, with the finals Monday afternoon.

The three-day week-end holiday including Labor Day on Monday is expected to swell the number of golfers taking part in the tourney to the largest number of entries to ever participate in a local invitation.

Russell Crowover, co-chairman of the committee on arrangements, committee on arrangements said this week the prize list is one of the best ever to be offered at a tournament in this section of the state, including a set of irons, set of woods, wrist watches and an array of other valuable prizes donated by business men.

The sporty nine-hole layout is being groomed for the occasion and will be in perfect shape.

Lee Pinkston, defending champion and also Texas Jaycees Junior champion, of Abilene will be on hand to defend his crown.

Russell Crowover and B. P. Daventport, Jr., are co-chairmen of the committee on arrangements.

Mrs. Brad Rowland, the hostess, Mrs. Newcomb, and one visitor, Mrs. J. H. Wendel.

Mrs. R. C. Hayes of Hamlin has been a guest in the home of her son and daughter-in-law, Mr. and Mrs. Bert Hayes in Merkel.

Mrs. Thomas Soloman Johnson, above, was Miss Thelma Faye Wood before her marriage to Johnson last week. Mr. and Mrs. Johnson are at home at Celotex, where Johnson is employed.

Mr. and Mrs. F. B. Lee of Carlsbad, New Mexico, were guests last week of Mrs. Lee's parents, Mr. and Mrs. J. E. Johnson. Mr. and Mrs. M. O. Smith, of Levelland, were also guests in the Johnson home last week.

Mrs. John Osteen and son, Jackie, of Amarillo spent the week end in Hamlin as guests in the homes of Mr. and Mrs. A. G. Miller and Mr. and Mrs. Joe Miller. They also visited other friends here. Mrs. Osteen is the wife of Rev. John Osteen, former pastor of the First Baptist Church.

## High Blood Pressure HARDENING OF ARTERIES PAINS IN LEFT SIDE AND SIDE—

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes, on February 20, 1948:

"Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Massachusetts.

"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, of San Benito, who was in bad shape, is also very much better and her blood pressure down considerably. This Garlic works, and you are doing a fine job of producing it for benefit of those suffering from high blood pressure or heart trouble."

Hundreds of other testimonials of similar nature.

## VFW Auxiliary Met in Clubhouse Wednesday

Members of the Women's Auxiliary of VFW post 6014 met in the clubhouse last Wednesday evening for a brief business session and social.

Mrs. Clyde Huff, president, was in charge of the business meeting. Mrs. Dorothy Townley, Mrs. Wanda Neale and Mrs. Ann McCoy were received as new members.

Following the business the VFW post was host to a sandwich supper, which was followed by a series of bingo games, sponsored by the Auxiliary.

The next meeting will be Wednesday evening, September 7.

Miss Geraldine Morgan of Lubbock is a guest in the home of her grandparents, Mr. and Mrs. J. P. Morgan in Hamlin.

## Films to Be Shown at City Church Monday

Sponsored by the WMU of the First Baptist Church, two films will be shown in the church auditorium Monday evening. It was announced this week.

The entertainment is free, and the public is invited to attend and see the pictures, Mrs. Joe A. Simpson, president of the WMU, said.

One of the pictures is titled "Go Forth," and concerns the need for medical missionaries in the Orient. The other is titled "American Missions," and depicts the history of the past 100 years of Baptist mission work.

## Dove Hunting Season To Open September 1

Hunting season for doves will open in this section of the state on September 1, it was announced this week. The season will remain open until October 15.

Open season on ducks, geese, brant and coot will be from November 4 to November 21, and from December 21 to January 7.

Deer season will be from November 6 to November 11.

Mrs. J. G. Jackson, who recently underwent a major surgical operation in the Stamford Sanitarium, was returned to her home in Hamlin last week end.

## Cotton Prices Dip Downward as New Crop Hits Markets; Grains Decline

Many southwest farm products moved to lower price levels during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reported. Cotton fell \$1.50 to \$2.50 a bale under pressure of new crop offerings. Middling 15-16 ranged from 30.25 cents a pound at Dallas to 30.75 at New Orleans.

All grains declined except oats which gained only a fraction for the week. Yellow corn lost 7 to 9 cents a bushel, and Texas new crop white corn sold around 25 cents below last week's price on the northern grain. Wheat fell 1 cent a bushel, barley 1 to 3 cents, and sorghums 3 cents a hundred pounds.

Rice harvest made good progress last week. Sales averaged \$2 to \$3 a barrel lower than a year ago. Most weedstuffs lost \$2 to \$4 for the week, but soybean meal and alfalfa meal moved higher. Alfalfa hay sold firm and prairie hay higher on lighter marketings. Peanut harvest became active in south Texas.

Heavier receipts of cattle and calves last week than the week before brought generally lower prices. Most classes lost around 50 cents at Houston, and \$1 to \$2 or more at Fort Worth and Oklahoma City. However, Monday's trade found many kinds unchanged from a week before at San Antonio, and some higher at Denver.

Hog prices rebound after early sharp losses as receipts fell off and the weather cooled. Monday's trade still left butcher hogs and feeder pigs mostly \$1 to \$2 lower than a week before, but Oklahoma City showed net gains of around 25 cents on butchers. Sows lost 50 cents to \$1 at Texas markets but

gained \$1 elsewhere. Spring lambs evidenced less weakness at Texas and Oklahoma markets than in the midwest, as receipts showed less increase. Ewes made up a large part of receipts and prices eased slightly. Goats advanced mostly 25 cents at San Antonio.

Texas wools sold strongest at 50 to 52 cents a pound in heavy contracting last week. Mohair rose to mostly 40 to 41 cents a pound for adult and 61 to 65 for kid.

Dressed beef and spring lamb sold steady to higher at eastern wholesale markets Monday compared to a week earlier. Mutton lost \$2, and pork mostly \$1 to \$3.

Potatoes and cauliflower sold lower at Colorado shipping points, but peas recovered from nearly declines. Sweet potato prices in southern Louisiana dropped to mostly \$3 per 50 pound crate of U. S. No. 1 Porto Ricans. New Orleans reported good trading last week on heavy receipts of fruits and vegetables. However, Denver, Fort Worth, and most other terminals had slow trade with most prices lower.

Hens sold slightly higher in north Texas as demand improved for very light receipts. Fryers strengthened at Fort Worth but weakened in Northwest Arkansas, as other southwest markets changed little if any. Eggs held steady, with top grades scarce and firm. Whites advanced a cent or two at Denver to 50 to 54 cents on large.

He was exceedingly brave and eloquent as he told her he loved her so much, he'd even face death for her.

About that time a bull snorted and charged. The young man's strong words flowed to his legs and he was off like a shot.

"But darling," she called after him, "you said you'd face death for me."

"Sure," yelled the fellow over his shoulder, "but that bull ain't dead!"

Mr. and Mrs. R. L. Dean spent Sunday in Abilene as guests of Mr. and Mrs. W. R. Redus.

Mr. and Mrs. W. R. Redus spent last week in Pampa as guests of their son, Dean Redus.

**STAMFORD**—Funeral services for Charles J. Turner, 62, were conducted Monday afternoon. Turner died in his home late Sunday evening from a heart attack.

**STAMFORD**—A total of 60 new members were added to the rolls of the Stamford American Legion post in a membership drive conducted here last week.

**STAMFORD**—Funeral rites for Mrs. Ross T. Buie, 68, were conducted last Sunday afternoon. Mrs. Buie, a resident of Jones County for 40 years, died in the Stamford Sanitarium last Friday where she had been a patient for two weeks.

**STAMFORD**—W. L. Kirby of Radium brought in Stamford's first bale of cotton from the 1949 crop last Thursday. Kirby said the bale was picked from 60 acres of cotton.

## Hamlin Relatives Attend Annual Reunion Of Wilemon Family at Abilene State Park

Members of the Wilemon family from Hamlin attended the annual reunion of the family, held at the Abilene State Park near Buffalo Gap last Sunday.

The reunion is made up of descendants of the late Calvin Louisa Wilemon, pioneers of Detroit, Alabama.

Following luncheon a brief business session was conducted, when Guy Wilemon was named president and Bill Lepard was elected secretary.

C. C. Wilemon of Dallas was the oldest member of the family present, and Sylvia Bauvom, daughter of Mr. and Mrs. Erwin Bauvom, was the youngest present.

Others attending the reunion

were Mr. and Mrs. Guy Wilemon and son, Guy Mack, of Odessa; Mr. and Mrs. John Brown Sr., of Midland; Mrs. Hershel Hubbard and Forest Wilemon of Terminal; Mr. and Mrs. W. O. Miller and son, and C. C. Wilemon of Dallas; Jet Wilemon of Cumby; Claude Wilemon and M. L. Wilemon of Bra-shear; Mr. and Mrs. Phillip E. Hetzel and son, Taros, of Abilene; J. R. Wilemon of Dallas, and Raymond Miller of Merkel.

Mrs. V. W. Lepard and son, V. W. Jr., Mr. and Mrs. Bill Lepard, Mr. and Mrs. Lester Garrett and daughter, Bettye, Clyde Hall, Mr. and Mrs. Erwin Bauvom and daughter, Sylvia, Mr. and Mrs. Lawrence Hall, Mr. and Mrs. Harold Littlefield and son, Phillip, all of Anson, Ala. etc.

Mr. and Mrs. J. T. Hart and sons Guy and Tommy, of Lubbock have been visiting in the home of Mrs. Hart's mother, Mrs. Lala Harbert in Hamlin. They attended graduation exercises for Mrs. Harbert's son, Bill, who received a degree from Hardin-Simmons University last Friday evening.

## COLES GRADUATES

Don Wesley Coles of Hamlin was one of the 368 students awarded degrees at commencement exercises at Southwest Texas State Teachers College, San Marcos, Thursday. Coles was given a bachelor of arts degree.

## Martial Shower Is for Miss Colwell

Verna Mae Colwell, who will be married Monday, August 29, was entertained with a kitchen shower in the home of Mrs. S. C. Ferguson at 10 o'clock last Saturday morning. Miss Marjorie Steed was co-

entertaining room was decorated with chrysanthemums.

Bill Shira entertained with a discussion of "the uses of a kitchen." Gifts for the bride were hid in the oven of the kitchen range.

Those present were Miss Jamell

Mr. and Mrs. Dave Putnam spent last week end in the Davis Mountains on vacation, and visiting relatives.

Dr. and Mrs. J. W. McCrary spent last Friday evening in Lubbock on business.

Hasson, Mrs. Bill Harbert, Miss Billie Kathryn Lancaster, Mrs. Jerry Waggoner, Mrs. Shira Miss Steed, Miss Beverly Ann Harvey, Miss Jo Hargrove, Mrs. Ferguson and the honoree, Miss Colwell.

Those who sent gifts are Mrs. George Poe, Mrs. W. T. Johnson, Miss Hortense Jhenix, Miss Virginia Brown and Miss Jeannine Johnston.

J. W. Gay, of Moody spent the week end in Hamlin as a guest of his sisters, Mrs. O. L. Jenkins and Miss May Gay.

### A Little Shy

An actress was making her first trip East and her press agent made it a point to prepare each gathering she was scheduled to attend. "Remember, boys," he warned a group of newspapermen, "she's an innocent little thing, easily startled. That's because she's so young and shy."

"She's shy, all right," admitted one of the reporters, "about ten years."

## LOOPHOLES in the Law

By WILL WILSON

Past President, Texas District  
and County Attorneys' Association

Mr. Homeowner went out for a short while, neglecting to close the front door of his private residence. The entrance was completely open, the door not having a screen, and during Mr. Homeowner's absence Lightfingered Harry came in and started picking up articles that suited his fancy.

Jus, as Harry had his arms pretty well loaded, he heard a noise behind him. He whirled around to see Mr. Homeowner standing in front of him. Harry dodged past the owner of the house, ran out the front door, which was still open, and disappeared with a number of Mr. Homeowner's valuables still in his possession.

Harry was captured and prosecuted for burglary. Mr. Homeowner

testified convincingly against him and he was convicted.

The verdict was reversed by the appellate court. This court held the defendant could not be guilty of burglary because he had walked right into the house through the open door without any use of force and had left the same way, again without using force. The court ruling held that force must be used either in entering or leaving premises before the crime of burglary can be committed.

The State Bar of Texas is endeavoring to close such legal loopholes as this. This statewide organization of attorneys is working to bring this about through a revision of Texas' untimed criminal statutes.

## Senior BTC Group Entertains Members of Calvary Church With Ice Cream Supper

Members of the Calvary Baptist Church were entertained with an ice cream supper in the Hamlin City Park last Thursday night. The Senior Baptist Training Class was host.

Those present were: Mr. and Mrs. J. D. Wood and children, Mrs. John Hudson and son, Roy, Mr. and Mrs. George McCracken, Mr. and Mrs. G. W. Drummonds and sons, Mr. and Mrs. C. E. Hastings and daughters, Mr. and Mrs. Thomas Johnson, Mrs. L. B. Bruner and son, Dan Alden, Mr. and Mrs. Carl Bingham and children.

Mr. and Mrs. Roy Bruner, Mr. and Mrs. Dan Branscum and children, Elder Leo Pate and Mrs. Pate and daughter, Genita Corley, El-lano Corley, Mr. and Mrs. J. E. Best and daughters, Mrs. J. T. Johnson and son, John, Mrs. Grace Wharton and children, Mrs. J. B. Turner and children.

Jo Ann Fannin, Mrs. Rosie Embrey, Miss Viola Embrey, Mr. and Mrs. Carter and son, J. W., Mr. and Mrs. Luther Ellison and children,

Mr. and Mrs. J. W. Griffin, Anna Mae Collins, Mrs. J. A. Neagle and children, Haldor Major, Janie Anglin, Billy Joe Kidwell, Ivillia Holden, Angela Touchon, David, Butler, Lewis LaBaume, Mr. and Mrs. B. B. King and son, Cagy Branscum and Jack Herd.

## Fishing License Needed September 1

Texas fishermen will be required to purchase fishing licenses for use on and after September 1, it was announced this week by the State Game and Fish Department.

The permits will not be required for those fishing in their own counties nor for those fishing in adjoining counties if cut bait is used. However fishermen who get from their home or adjoining counties will be required to have licenses regardless of the type of bait.

Persons from Hamlin who fish in the West City Lake will need license only if they use live or artificial bait, the department pointed out.

Mary Ida Orban. 43-1p.

### Legal Notices

#### HOUSE JOINT RESOLUTION NO. 12

proposing an Amendment to Article V, Section 7 of the Constitution of the State of Texas to provide that the Judge of the District Court shall conduct its proceedings at the county seat of the county in which the case pending, except as otherwise provided by law; providing for election proclamation and submission to qualified electors of the State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:  
Section 1. That Section 7 of Article V of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Sec. 7. The State shall be divided into as many judicial districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a General Election, a Judge, who shall be a citizen of the United States and of this State, who shall be licensed to practice law in this State and shall have been a practicing lawyer or a Judge of a Court in this State, or both combined, for four (4) years next preceding his election, who shall have resided in the district in which he was elected for two (2) years next preceding his election, who shall reside in his district during his term of office, who shall hold his office for the period of four (4) years, and shall receive for his services an annual salary to be fixed by the Legislature. The Court shall conduct its proceedings at the county seat in which the case is pending, except as otherwise provided by law. He shall hold regular terms of his Court at the County Seat of each County in his district at least twice in each year in such manner as may be prescribed by law. The Legislature shall have the power by General of Special Laws to make such provisions concerning the terms or sessions of each Court as it may deem necessary.

The Legislature shall also provide for the holding of District Court when the Judge thereof is absent, or is from any cause disabled or disqualified from presiding. "The District Judges who may be

in office when this Amendment takes office shall hold their offices until their respective terms shall expire under their present election or appointment."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on November 8, 1949, at which time all ballots shall have printed thereon:

"FOR the Constitutional Amendment providing that the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law;" and

"AGAINST the Constitutional Amendment providing that the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machines in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

#### HOUSE JOINT RESOLUTION NO. 32

proposing an Amendment to Article I of the Constitution of the State of Texas, by adding thereto another Section 15, providing that the Legislature may provide for trials in lunacy cases without a jury; further providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. that Article I of the Constitution of the State of Texas be and the same is hereby amended by adding another Section thereto following Section 15, to be designated Section 15-a, to read as follows:

"Section 15-a. The Legislature shall have the authority to enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for waiver of trial by jury in cases where the person under inquiry has not been charged with the commission of a criminal offense, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury."

Sec. 2. That the foregoing Constitutional Amendment be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, A. D. 1949, a which election all ballots shall be printed thereon:

"FOR the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases" and

"AGAINST the amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases." Each voter shall scratch out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3 That the Governor of the State of Texas issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

## WTCC Gives Enthusiastic Support to Building of Multi-City Reservoirs

Thirsty West Texas today has a new hope for water in a program that may make the entire area a network of pipelines, supplying water from a half-dozen multi-city dams on the major watersheds.

This prospect is seen in a letter from President John D. Mitchell of the West Texas Chamber of Commerce to Manager D. A. Brandeen, in which he pledged the organization's support of multi-city surveys.

"From our study of and activities on development of our municipal water supply, it appears that the solution is beyond the capacity of the individual cities and that the total solution of the problem must come from complete river basin development and the building of large dams serving several cities," Mitchell wrote.

"The fact is that dam sites are not available for each of our cities and that there are only a few dam sites with ample watersheds and potable water on each of our main streams."

"These few main basin dams must be promptly developed if West Texas is to save the water originating in our territory and meet the critical water shortages now existing in all of our cities."

Immediately Brandeen set about a study of the formation of a West Texas water association with its main purpose of "extracting the maximum values of water originating and available to West Texas in the common interest of the area."

This association would cooperate with existing authorities and might even assist in the formation of others, according to plan.

### New Formula Propounded

It was Brandeen who recently propounded a new formula for federal aid in dam building, which would make it possible for the Corps of Army Engineers and the Bureau of Reclamation to build dams for municipal water as well as flood control.

In a study of the Hoover's Commission's report, the WTCC recommended that economic loss from lack of water be made the basis for multi-city dam building, as well as flood control.

Brandeen pointed out that much of the money spent on multi-city dam building, where municipal water would be the principal product, would be reimbursable to the government, but at the same time communities would receive federal aid to which they are not now entitled. This is because of inability to show flood damage on West Texas streams in the 20-inch rain belt.

### Hoover Report Approved

At the same time the WTCC went on record as approving the Hoover recommendation that municipal water be given the highest priority in multi-city dam building, and that hydro-electricity be considered only after all other uses had been provided for.

Already the Bureau of Reclamation is beginning its study of dam building in West Texas, with a few to supplying municipalities with water. First of these studies covered the proposed dam on the Canadian River north of Amarillo near Borger. There a dam and distribution project to cost some \$87,000,000 is recommended for serving nearly a dozen cities. Water would be piped from this dam out of the Canadian basin, across the Brazos and into the Colorado watershed, in serving Lamesa. This is the first project of its kind proposed in Texas, and it already has the approval of the House of Representatives and a favorable nod from President Truman.

Next has come the proposal of 25 towns in the Brazos watershed for the construction of the Bob Baskin dam near Rule, which would impound 310,000 acre feet on the Double Mountain fork of the Brazos riverbed, for domestic and irrigation water. This project pre-arrangement had been rejected by the

Bureau as an irrigation project that would not pay out.

WTCC engineers applied the domestic yearstick and urged a reconsideration on the basis of supplying domestic water to the 25 towns, and the Bureau of Reclamation announced it would reconsider the project in the light of the suggested usage.

### Bureau Cooperates

In turn the Bureau also has indicated a willingness to investigate other projects, on a basin wide basis, with a view of supplying domestic water with a series of dams. Such a series would be necessary to divert certain hard and salty waters from the main lakes, so they would provide palatable water for domestic uses.

Already the WTCC has proposed a study of the Big Spring-Odessa project on the upper Colorado, and the Pease River project for a score of towns in the Vernon area. Reclamation service officials from Oklahoma also are making a study of a project on Prairie Dog creek, which would serve Memphis and Childress.

The multi-city water supply idea is not a new one in West Texas, where some towns already are having to use water which has been impounded by other municipalities. A number of West Texas towns have had to use tank cars to haul water from neighboring towns, when their own supply became exhausted. Coleman, on the Colorado watershed, for nearly two years bought water from Brownwood and served it through Coleman distribution system at a cost ten times greater than normal. Finally Coleman was able to get a dam built in Hord's creek, which is now supplying it with ample water.

The city of Baird, however, now is buying water from Abilene in tank cars. The same is true of Trent. Stamford also is threatened with buying water from Abilene, while other towns in the general area are buying drinking water from tank trucks which haul it in from Sweetwater.

The multi-city dam and pipeline system would put a stop to that.

Mrs. E. L. Carnes will leave this week end for Brownfield, where she will visit with her son and daughter-in-law, Lt. and Mrs. A. W. Carnes. Next week she will go to Wink where she will visit with her father, S. A. Bailey.

If your family likes its meat—and plenty of it—then HOWARD'S is the place to buy because our low prices and close trimming that cuts away excess bone and fat before weighing mean bigger servings... bigger savings. And you get top-quality meat—Government-inspected and grade-marked—juicy, deliciously good, and as tender as the kisses you'll get for serving it. So, come in today and select one of these special treats for big meat eaters.
